Details :

Name : Kishore babu
Age : 42 years
Occupation : Branch Manager, Finance Company
Income : 90,000 / month
Location : Andhra Pradesh, India
Marital Status : Married
Children : 1 Son, 1 Daughter

About :

Kishore babu is a branch manager at a finance company, responsible for managing branch operations, supervising employees, handling customer concerns, reaching daily targets, taking critical financial decisions throughout the day. His work requires long hours of sittings, frequent meeting with clients, high mental concentration. These all things leading him to have a very little time of energy for regular exercise.

Frustrations :

- Experiences lower back pain, stiffness after sitting for long hours.
- Spending very less quality time with family due to health issues.
- Feels mentally exhausted after work.
- Existing fitness apps often require long workout sessions, which doesn't fit in his routine.

Daily routine :

- Starts work at around 8:00 AM.
- Attends multiple meetings throughout the day.
- sits at a desk for 7-9 hours.
- Returns home feeling physically and mentally fully tired.
- Spends limited time with family and relaxation before sleeping.

Health issues :

- Type 2 Diabetes.
- Lower back pain.
- Mental stress due to work life and personal responsibilities.
- Knee joints pain.
- Lack of time for regular physical activity.
